ZERO RISKS

The D.zero² is the first 100% electric street sweeper created by Dulevo.

Thanks to its innovative, ecological technology, performance and compact size, it responds perfectly to the needs of towns and municipalities wanting to invest in the quality of life for their citizens. The Dulevo D.zero²Hydro road washer has been designed for the high pressure cleaning and sanitisation of urban areas, but it can be effortlessly adapted for operation in industrial areas, resorts or any other places requiring high levels of hygiene.
