

The Dulevo 52 and 75 industrial sweeper are a compact-sized machines containing all the technology of larger machines used in heavy industry. Compact, captivating and featuring high industrial design.

The Dulevo 52 and 74 industrial sweeper have been designed to be used in all environments, both civil and industrial, wherever there is a need for a sweeper capable of reaching even the most difficult places, for the removal of all traces of dirt and fine particles.

The Dulevo 52 and 74 are small sweepers containing all the technology which have made Dulevo famous around the world, as demonstrated by the exceptional performance of its road and heavy duty industry sweepers.

- Highly robust construction;
- Maximum reliability;
- Exceptional cleaning performance;
- Unprecedented levels of particle control at a world-level, thanks to the exclusive application of GORE® material filters.

To simplify maintenance, the machine has been designed with easy access to the power unit and all major components. The waste container, which can be removed, is characterized by its large capacity and easy handling ensured by 2 sliding wheels and a comfortable towing handle.
